

Juan Pablo Celiz

1. What do you consider to be the main reason(s) why some people are unhappy at work?:

Fairness, for all of us, we want to feel as important ~~than~~ as other people, at work, at everything. It punches es the ego directly.

2. Could money be the only reason why they are not happy?:

No, as this video shows us, there are four reasons more important than money.

3. Describe the "four ideas" that could make employees happier:
1) Trust/respect 2) Fairness 3) Listen 4) Change:

1- Feelings about fake trust or no respect, very common. 2- Don't do what you don't like to be done to you. 3- Be humble. 4- Constant personal improvement

5. What things do you agree and/or disagree with in the video?:

After the pandemic, I'd like to add the obligation to work in a place without necessity, just for the taste of the company.

6. Write a short paragraph (80 words) describing how you feel at work.:

I feel important, it makes me improve every day. It's a challenge every week and it is worth every hour that I spend ~~in~~ on the computer. Sometimes I feel overwhelmed but it's normal, I just need to be careful with the bournout.

Juan, good job! Keep writing about things you want or need to talk about. Writing is a wonderful training which will help you improve the rest of the language skills.
