

CONVERSATION CLASSES

Let's learn English from real interviews!

INTERVIEW TO AUTHOR ELIZABETH ALEXANDER

What If We Told The Truth About History? - "The Trayvon Generation"

[The Late Show with Stephen Colbert](#)

WATCH AND LISTEN TO LEARN!

Through real interviews we can learn a lot. There are **no scripts** -they are **real conversations**. We must listen carefully to find **new structures and recognize the ones** we already know.

Watch the following short interview

Pay close attention to the different structures and expressions both the interviewee and interviewer make use of. Try to find the following grammar structures: **verb tenses, passive voice, relative clauses, prepositions followed by verb-ing, conditionals, participle clauses.**

Write down a summary of about **80 words**.

Then get ready to **talk about it**.

- Did you like it? Why/why not?
- What you agree/disagree with.
- Make use of the structures and expressions you found.
